

Computer Upgrade/Repair

Our staff has over 25 years experience with personal computers from various manufacturers. We perform everything from new system integration to upgrades & repairs. If you need a turnkey solution or just a new hard drive, we're here to help.

Our staff is Microsoft (MCSE & MCSD) Certified on Network Migration, Windows NT 3.51 & 4.0, Windows 2000 Professional & Server, Windows XP, Windows Server 2003, and Microsoft Office 97 through 2003. We are also A+ Certified Computer Technicians.

Networking

Looking for a dependable 24/7 solution to your network troubles? OKCCS offers competitive rates on everything from new server based network installations to Hub (Central Connection Point) & NIC (Network Interface Card) replacement.

We realize that when your computers or network are down, you're losing money.

Have a new cable or DSL modem and service?

Would you like to have the capability to access the Internet from other computers?

OKCCS can help you establish Internet access from any computer in your home or office through your cable or DSL modem. In addition to Cable & DSL integration, we specialize in dedicated ISDN, T-1, T-3, and wireless networking as a total solution or integrated into your existing network.

In addition, we offer Voice Over Internet Protocol (VOIP) solutions enabling you to make clear, inexpensive phone calls over your Cable/DSL or faster connection. Plans start @ \$25.00 per month for unlimited local and long distance calling.

InterNetworking

OKCCS provides Internet Domain Hosting, Virtual Web Presence, Dedicated FTP, and E-Mail for more than 50 corporate clients. We offer reasonable rates for both small and large web and storage solutions. Daily backup and server mirroring protect all data. If you are looking for a presence on the Internet or just a location to store valuable off-site data please contact us for a quote.

Document Capture, Conversion, OCR, Storage, and Media Conversion

OKCCS can capture, convert, and store your paper documents to many formats, including Adobe PDF, Microsoft Word, HTML, and many others, then transfer them to you electronically or write them to Disk / CD-ROM / DVD. We offer very competitive rates. OKCCS can handle jobs of any size. Our high-speed scanners can scan more than 24,000 pages a day.

Looking for a storage solution of your digital documents? If you already have your files / data in digital format, or if you need your files digitized, we offer secure on-line storage with various levels of security to meet your needs. Imagine freeing yourself from paper and filing cabinets and having all of your important information readily available to you anywhere in the world....

If you're looking for simple off-site data storage or transferring your existing data to other media such as DVD, we are your source. We have the capability to read and write numerous types of media including Diskette, CD, DVD, Optical, Zip Disk, DAT Tape, AIS Tape, 8mm Tape, 4mm Tape, and DLT Tape to name a few.
